

Serial No. 08/822,438

REMARKS

This amendment is in response to the Office Action of April 8, 2004, and telephone conferences with Examiner Patel on September 16, 2004. The filing by facsimile of this amendment as a Supplemental Amendment to the amendment filed on July 8, 2004 in the application is to put the application in condition for allowance to be passed for Issue.

Claims 2 through 8 are currently pending in the application.

Claims 1 and 9 through 20 have been canceled.

Although Applicants amended the Abstract in the amendment filed on July 8, 2004, as set forth on page 5 of the amendment, the Examiner stated that such page of the amendment as filed is blank. Accordingly, Applicants are submitting an amendment to the Abstract in this Supplemental Amendment.

Applicants have canceled claims 1 and 9 through 20 to expedite the prosecution of the application for the allowance of claims 2 through 8 and the case to be passed for issue.

Applicants have amended claim 2 to include a portion of the subject matter of dependent claim 8 therefrom to set forth the elements of the flat-panel display. Claim 2 has been additionally amended to set forth the relationship of the flat-panel display and the cover.

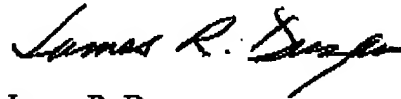

Accordingly, dependent claim 8 has been amended to delete the elements of the invention set forth in presently amended independent claim 2.

In summary, Applicants submit that claims 2 through 8 are clearly allowable over the cited prior art for the reasons set forth in the amendment filed on July 8, 2004 in the application.
